194b Chamberlayne Road
Kensal Rise
London
NW10 3JU

Come for a brunch of bubbles, banter and bit of Bollywood all in aid of two fantastic charities. Help us **fund the future!**

The MS Foundation supports the education and welfare of 180 children in the slums of Kukatpally near Hyderabad in India. Education is their ticket to freedom. £36 pays for the education, uniform, books and a little food for a school child for a year.

The MS Foundation has teamed up with The Lexi Cinema, the UK's first social enterprise independent boutique digital cinema, to provide a private screening of Slumdog Millionaire. An apt film for the cause. The Lexi cinema donates 100% of its profits to the Sustainability Institute in South Africa. All ticket sales are being split between the charities.

For your moolar, there are bubbles, a goody bag, a private screening of "Slumdog Millionaire" from one of London's coolest cinemas and the chance to pick up some exciting goodies in a silent auction whilst helping two fantastic charities better the lives of young people on two continents.

Bubbles, Banter, Bollywood! Help us fund the future!
